16 Oct 2017

Dear Parents/Guardian,

Online Subject Option Exercise 2017 (20 Oct – 27 Oct)

The Online Subject Option Exercise 2017, in which all Secondary 2 students choose their Secondary 3 subject combinations in 2018 will commence on **20 October, 10 am**. Students need to log on to the website <https://sgss.schoolhub.sg> to select their options and the exercise will close on **27 October, 10 pm**. The school will release the results on **3 November, 10am**. Students who wish to seek any clarification may submit their requests online via <http://tinyurl.com/2017sub-opt-clarify> by **8 November, 10pm**.

A draft SA2 result slip for the Secondary 2 students will be issued on **19 October** to enable them to use the SA2 results as a guide to choose their subject options. Please note that this hardcopy is **NOT** the final result slip. The final result slip for overall results will be issued together with the report book on **27 October**.

To ensure that your son/ward understands the opportunities and requirements of various subjects offered, the school has scheduled each class to interact with various upper secondary subject teachers and visit different subject special rooms in the school on 20 October. We have also arranged a session for each class to visit the computer lab to exercise their options. They can amend their options before 27 October 10pm. We also strongly encourage you to spend time to engage your son/ward in the following:

- Find out more about the requirement of various subjects and syllabus information at https://www.seab.gov.sg/pages/syllabus_for_school.asp. We have also made available on our school website the school's Prospectus for Secondary 3 Subjects and the presentation slides from the Subject Option Talk for Students.
- Discuss with your son/ward the careers or industries in which he is interested and the course options available in JC/Poly/ITE in relation to the available Secondary 3 subject combinations that may enable him to fulfil his aspirations, before making the choices.

We sincerely hope that your child will eventually be allocated his desired subject combination. However, there is a set of criteria that needs to be fulfilled in order for him to qualify for each subject combination. Should your child be unable to qualify for his desired subject combination during this exercise, do help your child understand the need to work

diligently on his allocated combination, thus living the school motto: *Labor Omnia Vincit: Labour conquers all things.*

The instructions for logging in and choosing of options are given in the attachment to this letter.

For any clarification, please email Mr Lin Ganfeng@Lim Hong Shang (Year Head/OIC for Student Placement) at lim_hong_shang@moe.edu.sg.

Thank you.

Warmest Regards and God Bless!

Mr. Stephen Chin
Principal
