We strongly encourage you to spend time to engage your son/ward in the following:

- Find out more about the requirement of various subjects and syllabus information at <https://www.seab.gov.sg>. We have also made available on our school website the school's Prospectus for Secondary 3 Subjects.
- Discuss with your son/ward the careers or industries in which he is interested in and the course options available in JC/Poly/ITE in relation to the available Secondary 3 subject combinations that may enable him to fulfil his aspirations, before making the choices.
- Access My Skills Future portal at www.myskillsfuture.sg to chart his own career and lifelong learning pathways

We sincerely hope that your child will eventually be allocated his desired subject combination. However, there is a set of criteria that needs to be fulfilled in order for him to qualify for each subject combination. Should your child be unable to qualify for his desired subject combination during this exercise, do help your child understand the need to continue working diligently on his allocated combination, thus living the school motto: Labor Omnia Vincit: Labour conquers all things.

The instructions for logging in and choosing of options are also given in the attachment to this letter, together with the subject combinations.

We will also like to invite you for a Parents Teachers Meeting with your son/ward's form teachers to discuss their performance in school. Details of the meeting are below.
